Mounting Instructions

Step 1: Four screws and corresponding accessories (not included in the scope of delivery) are required for fastening.

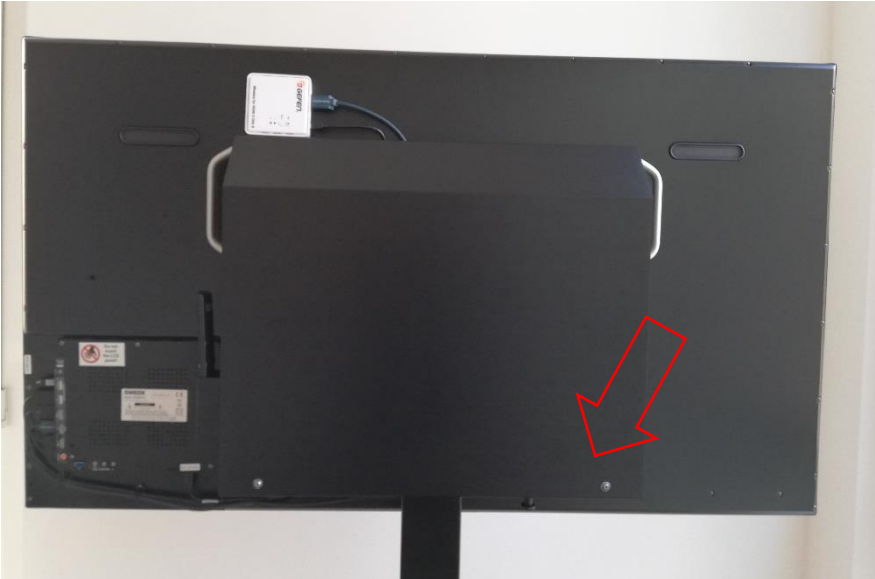

Step 2: Switch on the battery and adjust the monitor box to reachable height.

Step 3: On the top of the storage shelf is the screw attachment kit located.

Step 4: Attach the storage shelf to the bottom end of the back of the monitor box.

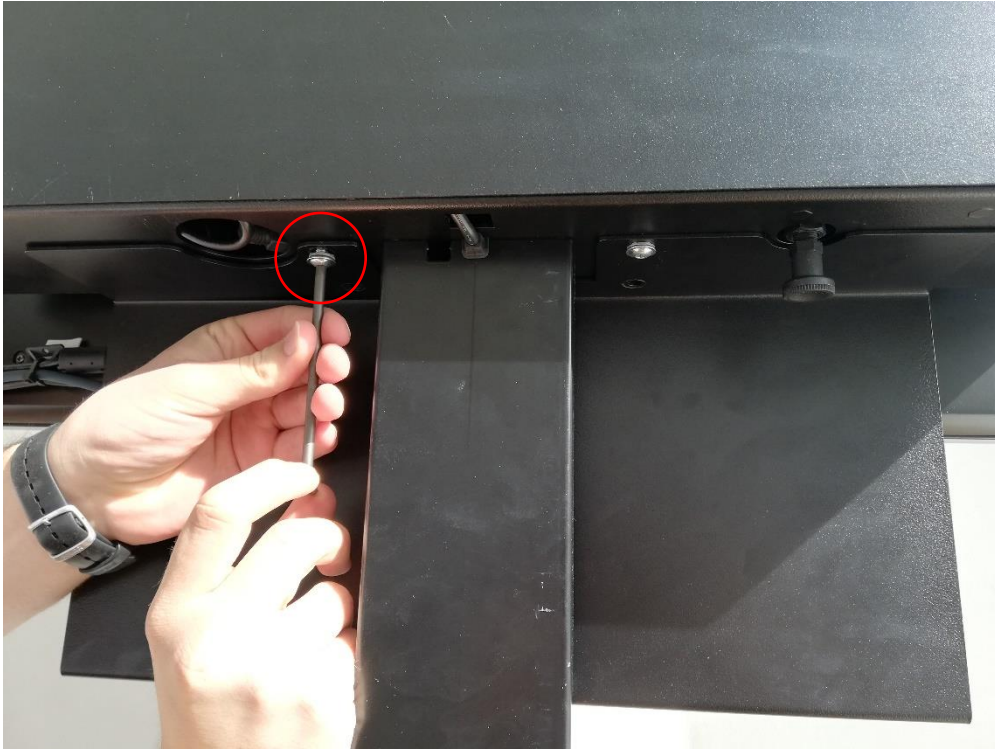

Step 5: Place the top of the storage shelf in the location shown.

Step 6: Mount the storage shelf by tightening the screws in the places provided.

Step 7: The storage shelf is now mounted on the monitor box.

Step 8: For example, place your Barco Clickshare USB dongle in the corresponding storage tray.
